ZeroZeroZero is an Italian crime drama television series created by Stefano Sollima, Leonardo Fasoli and Mauricio Katz for Sky Atlantic, Canal+ and Amazon Prime Video. It is based on the non-fiction book of the same name by Roberto Saviano, a study of the business around the drug cocaine, covering its movement across continents. The series stars Andrea Riseborough, Dane DeHaan and Gabriel Byrne as the American Lynwood family, controlling an international shipping company which acts as cocaine broker between Mexican and Italian organized crime. The series derives its name from the whitest, finest-milled type of wheat flour (000), which is "the nickname among narcotraffickers for the purest cocaine on the market."

The world premiere of ZeroZeroZero was on 5 September 2019 at the 76th Venice International Film Festival, where the first two episodes were screened out of competition. The series premiered on television on 14 February 2020 on Sky Atlantic in Italy. The series received generally favorable reviews.

Zero Escape, formerly released in Japan as Kyokugen Dasshutsu (Japanese: 極限脱走; lit. "Extreme Escape"), is a series of adventure games directed and written by Kotaro Uchikoshi. The first two entries in the series, Nine Hours, Nine Persons, Nine Doors (2009) and Zero Escape: Virtue's Last Reward (2012), were developed by Spike Chunsoft (formerly Chunsoft), while the third entry, Zero Time Dilemma (2016), was developed by Chime. Zero Escape is published by Spike Chunsoft in Japan, while Aksys Games and Rising Star Games have published the games for North America and Europe respectively.

Each game in the series follows a group of nine individuals, who are kidnapped and held captive by a person code-named "Zero", and are forced to play a game of life and death to escape. The gameplay is divided into two types of sections: Novel sections, where the story is presented, and Escape sections, where the player solves escape-the-room puzzles. In the first two games, the Novel sections are presented in a visual novel format, whereas the third uses animated cutscenes. The stories branch based on player choices, and include multiple endings.

In addition to Uchikoshi, the development team includes character designers Kinu Nishimura and Rui Tomono, and music composer Shinji Hosoe. The series was originally conceived when Chunsoft wanted Uchikoshi to write visual novels for a wider audience; he came up with the idea of combining the story with story-integrated puzzles. While Nine Hours, Nine Persons, Nine Doors was initially planned as a stand-alone title, its success in the international market led to the development of two sequels, intended to be paired as a set. Both Nine Hours, Nine Persons, Nine Doors and Virtue's Last Reward were commercial failures in Japan, and the third game was put on hold in 2014, only to resume the development for Zero Time Dilemma the following year, due to fan demand and the hiatus becoming big news. Critics have been positive to the series, praising its narrative for being experimental and for pushing boundaries for what can be done with video game narratives.

F-Zero is a series of racing games published by Nintendo, developed by Nintendo EAD and other third-party companies. The first game was released for the Super Famicom in Japan in 1990. Its success prompted Nintendo to create sequels on subsequent consoles.

The series is known for its high-speed, futuristic racing, characters and settings, difficult gameplay, and original music, as well as for pushing technological limits to be one of the fastest racing games. The original

game inspired games such as Daytona USA and the Wipeout series.

The series has been largely dormant since the release of F-Zero Climax in 2004 in Japan, although elements have been represented in other Nintendo video games, most notably the Super Smash Bros. and Mario Kart franchises. Past installments have been emulated across multiple Nintendo consoles with the Virtual Console service. The original F-Zero is one of the selected games emulated on the Super NES Classic Edition. F-Zero was one of the launch games for the Super Nintendo Entertainment System: Nintendo Switch Online collection, released on September 5, 2019. After over 19 years of absence, a battle royale based on the original game, called F-Zero 99, was released for the Nintendo Switch, exclusively for Nintendo Switch Online members.

Kilometre zero (or km 0), also known as zero mile marker or zero milepost, is a particular location (usually in the nation's capital city) from which traveled distances are traditionally measured. Historically, they were markers where drivers could set their odometers to follow the directions in early roaming guide books.

One such marker is the Milliarium Aureum ("Golden Milestone") of the Roman Empire, believed to be the literal origin for the maxim that "all roads lead to Rome".

Roberto Saviano (Italian: [roˈbɛrto saˈvjaːno]; born 22 September 1979) is an Italian writer, journalist, and screenwriter. In his writings, including articles and his book Gomorrah, he uses literature and investigative reporting to tell of the economic reality of the territory and business of organized crime in Italy, in particular the Camorra crime syndicate, and of organized crime more generally.

After receiving death threats in 2006 made by the Casalesi clan of the Camorra, a clan which he had denounced in his exposé and in the piazza of Casal di Principe during a demonstration in defence of legality, Saviano was put under a strict security protocol. Since 13 October 2006, he has lived under police protection.

Saviano has collaborated with numerous important Italian and international newspapers. Currently, he writes for the Italian publications l'Espresso, la Repubblica, and The Post Internazionale. Internationally, he collaborates in the United States with The Washington Post, The New York Times, and Time; in Spain with El País; in Germany with Die Zeit and Der Spiegel; in Sweden with Expressen; and in the United Kingdom with The Times and The Guardian.

His writing has drawn praise from many important writers and other cultural figures, such as Umberto Eco.

Saviano identifies as an atheist.

0 (zero) is a number representing an empty quantity. Adding (or subtracting) 0 to any number leaves that number unchanged; in mathematical terminology, 0 is the additive identity of the integers, rational numbers,

real numbers, and complex numbers, as well as other algebraic structures. Multiplying any number by 0 results in 0, and consequently division by zero has no meaning in arithmetic.

As a numerical digit, 0 plays a crucial role in decimal notation: it indicates that the power of ten corresponding to the place containing a 0 does not contribute to the total. For example, "205" in decimal means two hundreds, no tens, and five ones. The same principle applies in place-value notations that use a base other than ten, such as binary and hexadecimal. The modern use of 0 in this manner derives from Indian mathematics that was transmitted to Europe via medieval Islamic mathematicians and popularized by Fibonacci. It was independently used by the Maya.

Common names for the number 0 in English include zero, nought, naught (), and nil. In contexts where at least one adjacent digit distinguishes it from the letter O, the number is sometimes pronounced as oh or o (). Informal or slang terms for 0 include zilch and zip. Historically, ought, aught (), and cipher have also been used.

On 23 April 2009 the company announced it would establish a distribution network in the Canadian market while getting regulatory approval for selling the motorcycle in Canada. It expected to start selling in Canada by early July 2009.

The 2009 Zero S had a claimed expected range of 81 km (50 mi) on a full charge, and an advertised top speed of 112 km/h (70 mph), Zero claims the motor is rated at 22 kW (30 hp). The battery can be recharged using standard 120 V or 240 V plugs.

Zero made minor changes and small battery improvements to the 2014 Zero S, and added ABS brakes to the 2015 model, and further battery improvements in 2016.
