I Just Lost My Job. Can I Retire Now? - I Just Lost My Job. Can I Retire Now? 51 Minuten - Show Notes This week on **the**, Retirement Answer Man show, we kick things off with **a**, couple of Rockin' Retirement in **the**, Wild ...

In this episode, we wrap up our travel reflections and explore a listener's question about the pros and cons of retiring at age 59.

Looking ahead, July will feature 'Best of' episodes of the Retirement Answer Man podcast and August will focus on listener questions.

Rock Retirement Club member, Pete, has a podcast called Retiring with Enough and that podcast just hit episode 150.

Listener, Adrienne, sent in a letter about rocking retirement.

An anonymous listener reached out to share that he's considering early retirement after a job loss caused by the downturn in the automotive industry. Today, we explore whether he can make it work.

A breakdown of the listener's financial situation.

We have to make some assumptions about investment and will use software to simulate different scenarios.

Let's look at the results- a feasible plan is not necessarily resilient.

Let's do some basic stress testing to see how your plan holds up when life throws curveballs.

Two recent retirees, Chris and Cathy, have focused on domestic travel now that work is out of the way.

Roger: What was one moment that stood out from your entire trip that stands out for each of you?

Roger: Do you two talk when you're on road trips or do you audiobook or something?

Chris and Cathy said they retired together and knew they wanted to go back to Jersey.

Roger: How did you adjust to being together 24/7?

Chris and Cathy discuss how they will approach travel in retirement.

Roger: Over a twelve month period, what percentage of time do you travel? And what is the pull to travel so much?

Roger: Do you think this three months a year travel cycle is a season or do you think this is a new identity as explorers?

Roger: What tips or suggestions would you give to others who have never traveled internationally or have never planned a big road trip?

Roger: What is it internally that travel you feel adds to your life?

In the next 7 days, confirm that you have at least two years of safe assets, cash or short-term reserves, to cover your lifestyle expenses not covered by income. Even if your plan looks feasible on paper, test its resiliency. Would it hold up if the market took a hit tomorrow?

Now that we've finished my grandfather's journal, to end the show I will share things I'm geeking out on. Today: electric bikes.
