Intro

How do you define trauma?

How is healing defined?

Time itself does not heal emotional wounds

We are all born vulnerable

The inherent expectations we all have

The societal standards we try to live up to  
It's not possible to love kids too much  
Grief is essential for life  
When the past dominates the present reactions

There is no healthy identification  
Why are we set on things staying the same  
No two children have the same childhood

The difference between loneliness and being alone

How do you see human nature?

Suffering has to be acknowledged

Getting closure and start moving on

Spirituality becomes commoditized
